Overview of Clinical Pharmacokinetics at IDI

Catriona Waitt

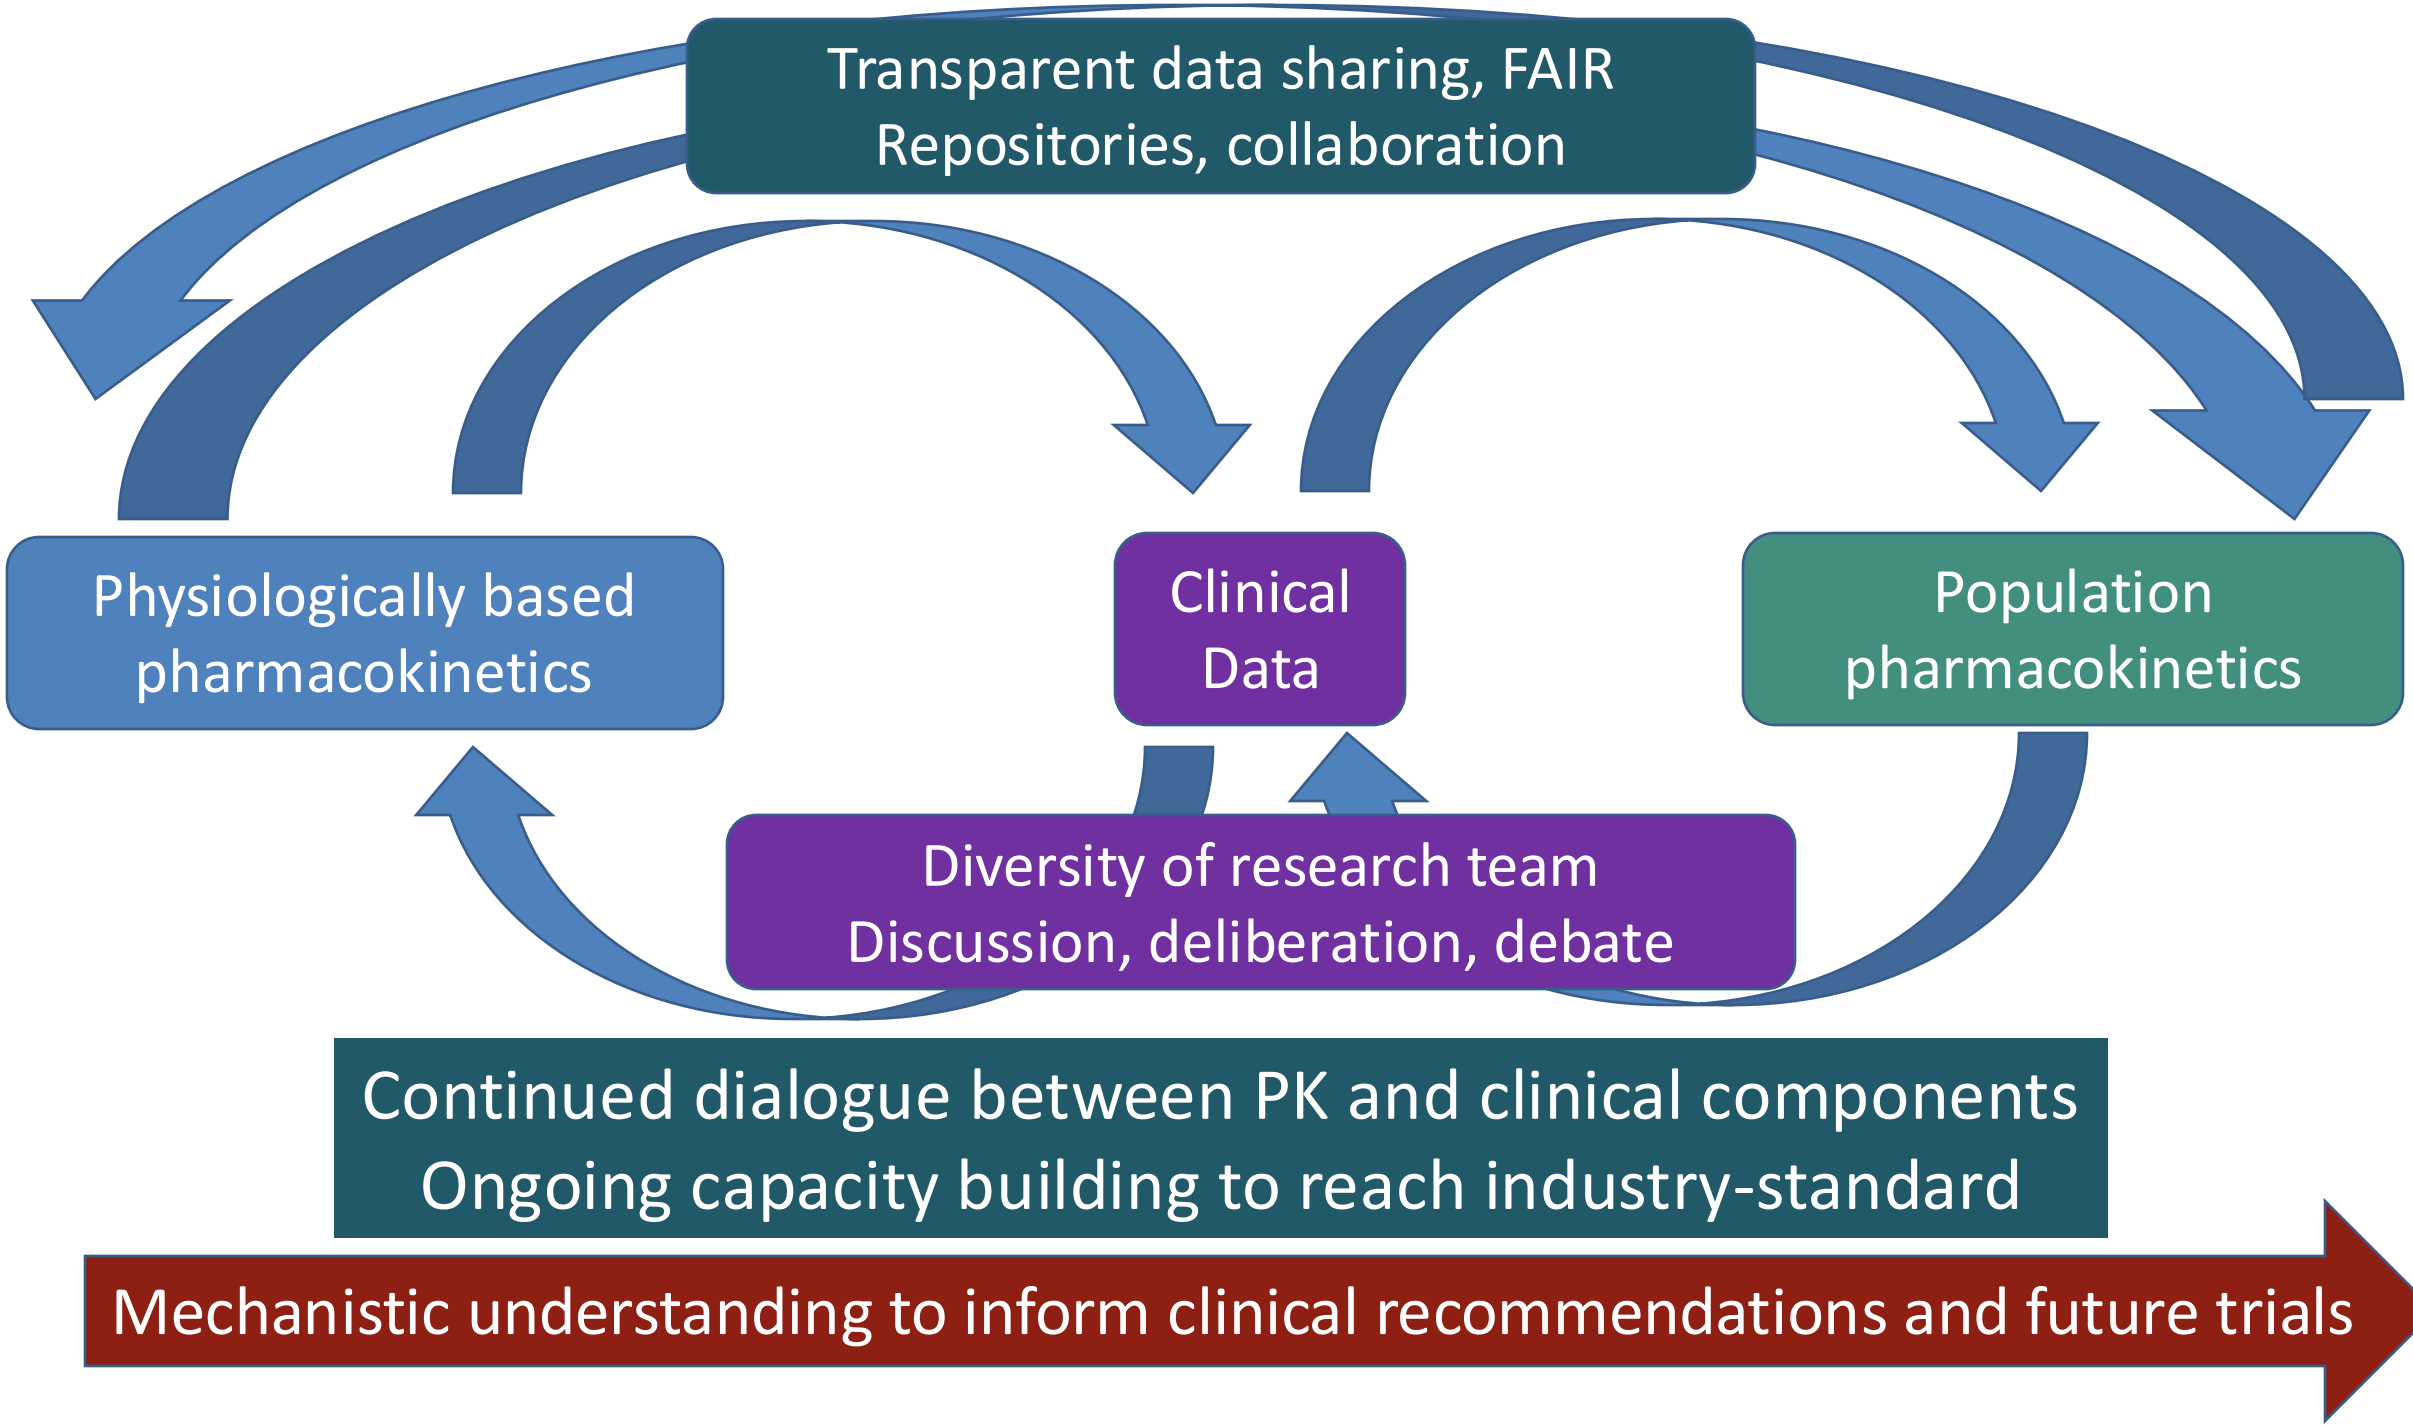
2 September 2025

NIHR Professor of Clinical Pharmacology and Global Health, University of Liverpool

cwaitt@liverpool.ac.uk

@CatrionaWaitt

pharmacometrics africa conference



Transparent data sharing, FAIR
Repositories, collaboration
Physiologically based pharmacokinetics
Clinical Data
Population pharmacokinetics
Diversity of research team
Discussion, deliberation, debate
Continued dialogue between PK and clinical components
Ongoing capacity building to reach industry-standard
Mechanistic understanding to inform clinical recommendations and future trials

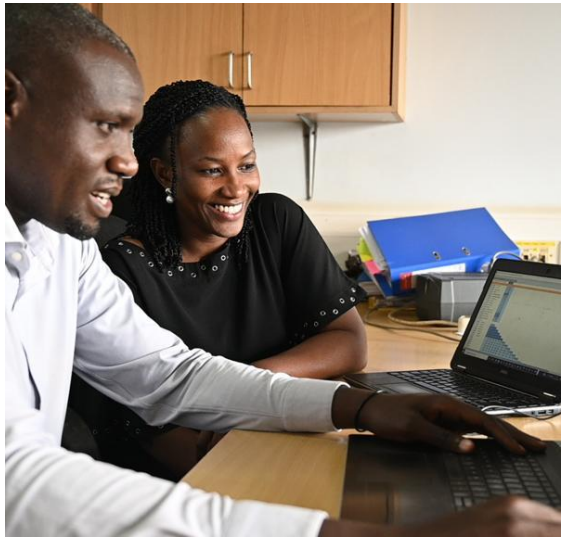
Communities

Trial or pharmacokinetic study

Sample collection

Sample processing

Bioanalysis



Pharmacokinetic modelling
